JY · THE TAB · USE CASES · 11 SVG FILES

One tab. Every surface.

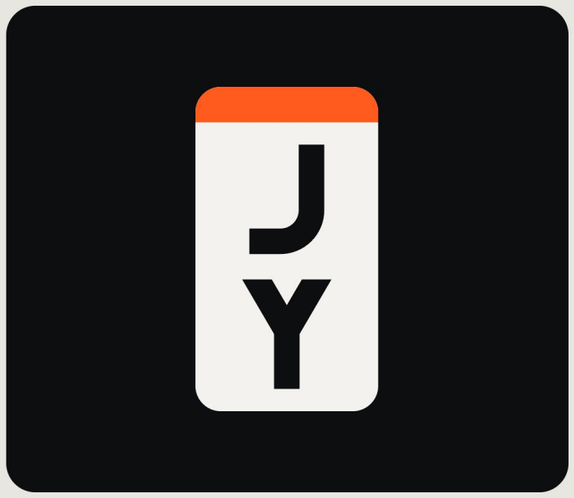

Each file is cropped to its artwork, outlined, with colours baked in. No fonts, no CSS, no dependencies.

Primary · light

Default. Websites, docs, light UI.

`tab-primary-light.svg`

Primary · dark

Dark mode, terminals, dark UI.

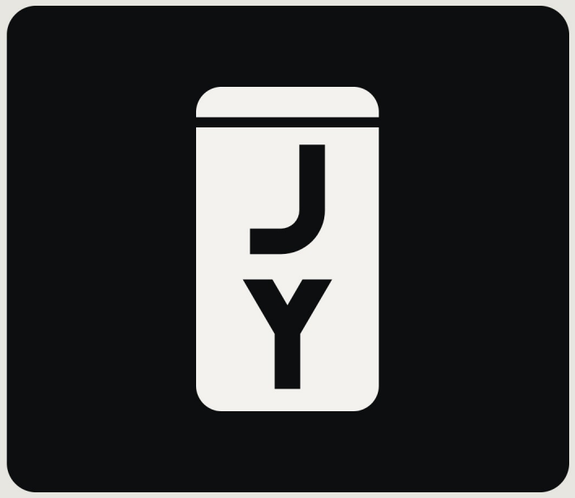

`tab-primary-dark.svg`

One colour · ink

Print, stamps, favicons, engraving. Knockout, so it takes any background.

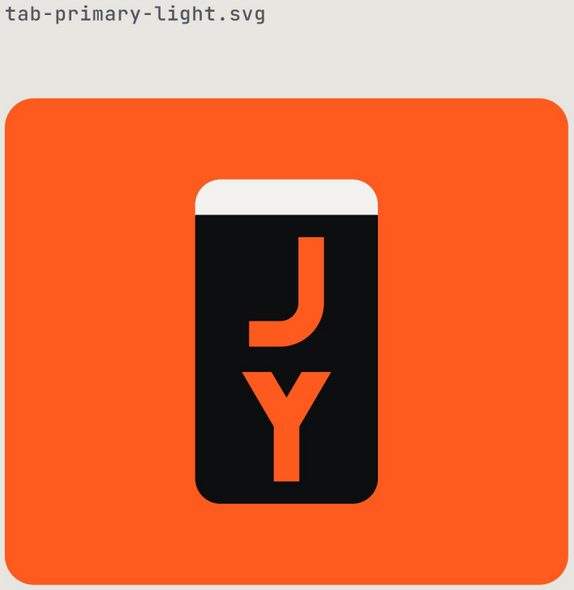

`tab-mono-ink.svg`

One colour · paper

Photos, video, dark one-colour print.

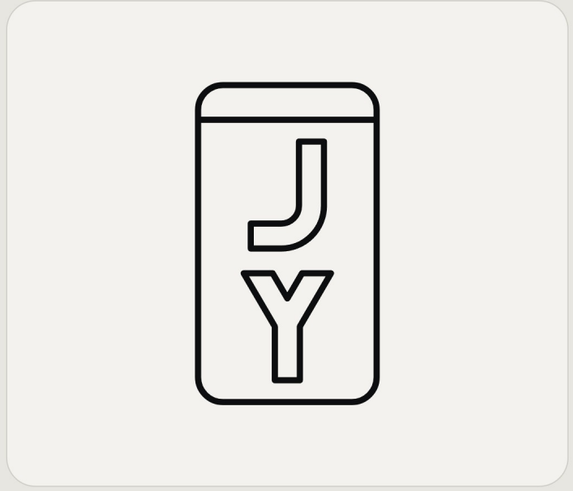

`tab-mono-paper.svg`

On orange

Orange never sits on orange. The accent flips to letters.

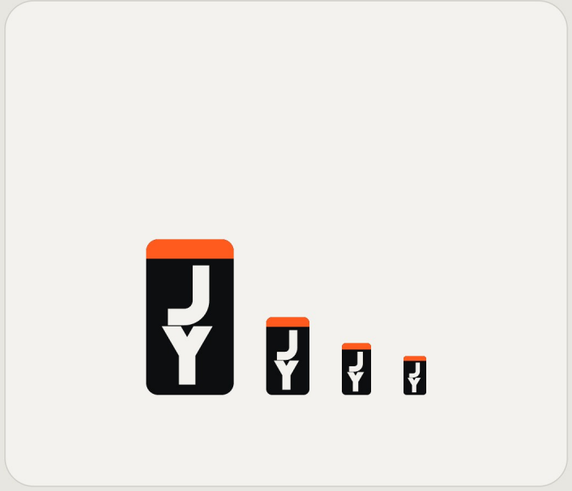

`tab-on-orange.svg`

Outline

Low-ink print, laser cutting, plotters. Hairline stroke, no fills.

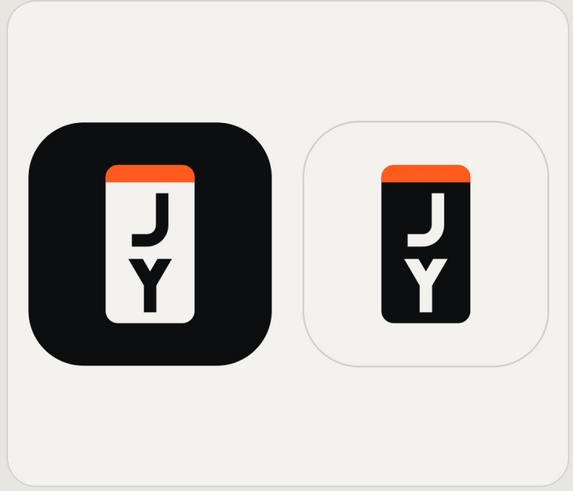

`tab-outline.svg`

Small size

24 to 48 px tall. Heavier letters, thicker tab. Below 24 px use the Stamp.

`tab-small.svg`

App icon · dark and light

512 px square, rounded 112. Re-export per platform.

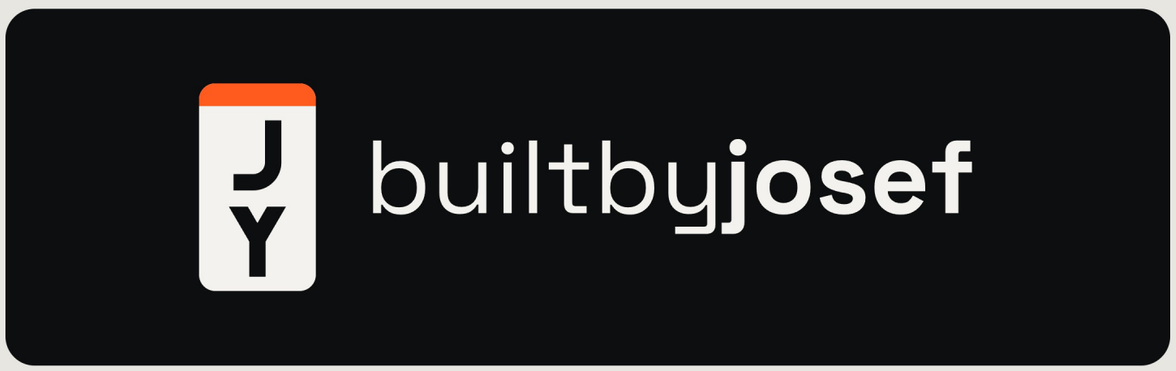

`tab-icon-dark.svg · tab-icon-light.svg`

Lockup · light

Mark plus wordmark. Signatures, headers, README banners.

`tab-lockup-light.svg`

Lockup · dark

Same lockup, inverted, for dark pages and video end cards.
